Intern Appreciation Day

July 29, 2021
Governors Island

Meet the Governors Island internship class of 2021! On NationalInternAppreciationDay, we’re grateful for this amazing group for supporting and learning alongside our Visitor Services team this season. You’ll find these friendly faces at the Welcome Centers near the Manhattan and Brooklyn ferry landings—stop by to say hello or get tips on how to make the most of your visit to Governors Island. (Goats not included—you’ll have to visit the Urban Farm to see them!)

Thank you to Futures and Options for making our paid internship program possible.
As the daughter of a single parent, when I set out on my entrepreneurial journey, I wanted to ensure that communities often overlooked in leadership would be given the resources we needed to thrive and flourish.

Linking with Futures and Options from #GoBeyond's inception has been an incredible opportunity to live these values from day one. Over the last few years we've hosted over two dozen interns, and almost all have kept in touch.

This Intern Appreciation Day, I'd like to take the time to highlight some of the feedback we've received from our students, who are still working with us on some really exciting projects.

"Working with #GoBeyond through Futures & Options has helped me build a passion for the work I do. This was a great networking opportunity that helped me build many skills, which have helped me in pursuing a career in computer science, allowing me to gain more experience in the field through hands on projects. I'm grateful to have a mentor like Jenn Halweil, who I consider as an inspiring role model and is always amazing to be working with over the years."  Mohamad Mahee

"Working at #GoBeyond has helped me advance my career path and choose the right university [Cornell] for me. Jenn has been and still is an amazing mentor and I could always count on her. I'm truly grateful for such an experience."

David Laszczykowski

How do you live your values in hiring, recruiting, and training the next generation of leaders?

Happy Global Interns Day to all our summers from Futures and Options!

It's been a pleasure to serve with you.

On behalf of JPMorgan Chase & Co.,

Happy Global Intern Day!

Thank you for all your hard work this summer!
Today is #InternsAppreciationDay @FutureandOptions. We at the A & H Technology Group are celebrating and honoring our #interns. Lisbeth, Daniel, Sasona, and Deondrea. The interns are an extraordinary new addiction to the Tech Avengers. Their super powers accompanies our core skills. They have accomplished heroic feats and displays a passion of saving lives within the digital world.

One of our objectives with our interns is still to provide career insight. To know and understand the technology landscape. Teach and provide each and every one of them essential skills. Introduce them to key industry leaders and assist in developing networks that are vital to their careers.

With their insight, creativity, and passion we know that we can successfully continue on our goal of providing #business with innovative methods, ideas, and services to assist their survival and growth. Thank you once again interns, for you are our #TechAvengers. #success #marketing #motivation #learning #exploring #tech
East Village Community Coalition - Destiny & Jerin
We want to celebrate our interns from @futuresandoptions and @cuny.edu for #IAD2021!

It's...

Intern Appreciation Day!

Thank for all of your hard work interns and we're looking forward to the next couple of weeks!

(p.s. they all created their own story posts❤️)
Janely Cruz (YASI)

My favorite part of my internship is having guest speakers come in and talk about different issues, such as environmental justice, food justice, and how to use social media to spread our campaign.
Romensa Tariq (JP Morgan Securities)

“

My favorite part of this internship is meeting people from different departments almost every day. It gives me an overview of different perspectives within the company and a chance to hear from others about their journeys and experiences.

”
Clementina Aboagye (Marsh McLennan)

My favorite part of my internship is learning about the various aspects of finance and also being able to build networking opportunities with the people in the workplace by shadowing my manager.
Dani Ferreira - CITYarts

My favorite part of my internship is going to different schools and helping the kids with their Pieces for Peace work.

Dani Ferreira
Intern at CITYarts
Shayra Nunez (Marsh McLennan)

“I am looking forward to learning more about the world of finance, becoming more financially literate, and forming meaningful connections with my manager and mentor to learn from their experiences.”
My favorite part of my internship is learning about all the new terms of marketing and being able to try things out on my own. I've learned how to create and come up with posts that are both creative and professional.
“Ethan Moses has been an excellent addition to our Programs Team at FPWA. He brings a positive attitude, an inquisitive mind and an eagerness for learning that are refreshing. From day one, he jumped right into action on assignments for our Ending the Poverty to Prison Pipeline Trauma-Informed NYC Initiative. He is very engaged in all our program activities and collaborates well with his colleagues. Among the Programs team, he is already well known for his thoughtful questions and his love of chess, history and skin care. We are grateful for Ethan's contributions and happy to have him on the team.”
“On Intern Appreciation Day, I would like to give a huge shoutout to our Amazing Intern Merelin!

Merelin joined the program team this Summer and has been an absolute treasure to work with. She is very personable and has fit seamlessly into our team. She continues to surprise me with her growing confidence. She is eager to learn and is always ready for a new challenge or task. She always follows through on every task and her high level efficiency has been a tremendous asset.

Thank you Merelin for all the work you have done and continue to do!!”
